(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year Plan.

2015-2020 Progress in Meeting Previous 5-Year Plan Goals

1. To increase the availability of decent, safe and affordable housing, the HRA of Hibbing:
 - e. Is maintaining and enhancing current rental units in accordance with the Physical Needs Assessment.
 - f. Continues to investigate options for repositioning our inventory, having partnered with Center City Housing to evaluate our options and determine the best approach.
 - g. Exploring and implementing alternative programs where feasible, viable and desirable: We have received designation from HUD to be a MTW Agency. We plan to have this implemented by Fall 2021.
 - h. Eliminating slum and blighted areas within the City: We have been focused on our apartments and keeping those grounds safe and clean. Live-in caretakers reside at each complex and are responsible for monitoring the buildings, cleaning the grounds, and reporting work order to the HRA. We began walking the buildings biweekly to inspect the overall conditions.
2. Working to improve the quality of assisted housing by:
 - e. Continuing to improve our public housing management: implementing new systems and controls where necessary.
 - f. Increase customer satisfaction- with the assistance of our Lead for America fellow, we have successfully formed a Resident Advisory Board. The goal for this Advisory Board is to give constructive feedback to the HRA and assist us in engaging with our residents. Our hope is the Resident Advisory Board would run independently from the HRA and we could work together to implement best practices and improvements.
 - g. Renovate additional public housing units- our priority when making capital improvements is resident safety and security, followed by energy costs, then updates to improve quality of life.
3. Improve community quality of life and economic vitality, by:
 - c. Continuing to implement public housing security improvements- We partnered with local funders to reduce our costs to install and implement affordable broadband internet to our residents of First Avenue Apartments; this project was completed in January 2021. If feasible, we will provide this type of internet across all our developments.
 - d. De-concentration of Poverty and Income Mixing Development- currently partnered with Center City Housing Corporation to determine best strategies.
4. Promote self-sufficiency and asset development of families and individuals, by:
 - e. Working to implement Move to Work Program. We have collaborated with several service providers to assist in educational goals, job training, financial literacy programs, mental health providers among others to help our residents achieve self-sufficiency.
 - f. Providing or attracting supportive services to increase independence for the elderly or families with disabilities: We applied for and received grant monies to provide tablets to our elderly residents for communication with their families as well as use for telehealth services.
